Message Based Discussion Questions

1) What are your earliest memories at Grace?

Digging Deeper:

2) Are memories important? _____ How did God teach Israel to use memorials in the Old Testament? How were memorials important in the New Testament?

3) Divine visions were revelations from God. God has already given us His vision in Scripture and Grace believes in the sufficiency of Scripture. What does that mean (see 2 Cor. 3:5-6)?

4) Is the holiness of God important? _____ How is the holiness of God important? Why is it important? Especially in the day in which we live?

Making application from the message to life:

5) If someone has bad memories of the past, can his memories be changed to good memories? How so?

6) How would you help someone have a vision of God's purposes for the future?

7) What kinds of things would you teach a disciple regarding the holiness of God? How would you make it practical to life?
